Anthony Lima

Anthony Lima has served three agencies in the U.S. Department of Transportation since 1990. His current position is Senior Hazardous Materials Investigator for the Pipeline and Hazardous Materials Safety Administration (PHMSA). Since 2006 he has held the role of National Packaging Program Manager for the Office of Hazardous Materials Safety's Field Operations group.

PHMSA is the lead agency in the United States Department of Transportation (U.S. DOT) for hazardous materials transport oversight. PHMSA promulgates the Hazardous Materials Regulations, Title 49 CFR. PHMSA's specialty and exclusive regulatory jurisdiction is UN packaging manufacture, remanufacture, reconditioning, testing, certification and distribution for non-bulk, intermediate bulk and large packaging.

Mr. Lima advises the Associate Administrator for Field Operations and five regional directors. He develops strategic policies, procedures and focus for UN packaging regulatory oversight. As liaison with headquarters staff, Mr. Lima represents Field Operations for rulemaking activities, clarification requests, approvals and permits applications, engineering, outreach, fitness inspections, and training opportunities for non-investigators in all aspects of UN packaging.

Mr. Lima manages the Field Operations Performance Packaging Team which is represented by one specialist investigator from each regional office. Team activities include packaging training for investigators, all types of packaging related inspections and investigations, selection and execution of validation testing projects, and inspections of PHMSA's third party packaging laboratories.

Mr. Lima also manages PHMSA's Validation Testing Program. Since 1996, PHMSA has selected over 600 UN-certified designs for independent validation of performance certifications. PHMSA's package testing database is available <http://phmsa.dot.gov/hazmat/enforcement/reports-documents>.

PHMSA's National Packaging Strategy, Validation Testing Program Policies and Procedures, U.S. Army LOGSA Policies and Procedures for PHMSA validation testing and, a virtual tour of LOGSA's laboratory at the Tobyhanna Army Depot are located at: <http://phmsa.dot.gov/hazmat/enforcement/programs>. Mr. Lima can be reached at 856 265 3054 (cell) or anthony.lima@dot.gov
